

ELIAS
NEOCLEOUS
& Co LLC

A full-service, specialised firm

We focus on giving our clients practical advice and guidance to help them meet their business objectives. We have a reputation for finding innovative, constructive solutions. We recognise that time is money to our clients: we are responsive and meet deadlines, and we get things right first time.

We are the largest law firm in Cyprus by a considerable margin and are generally recognised as the leading law firm in the South-East Mediterranean region. We have more than 140 fee-earners operating out of three offices in Cyprus and an international network of offices in the main destinations for investment via Cyprus.

Our legacy firm pioneered the development of business links with Russia and Eastern Europe two decades ago and our staff have unmatched experience of assisting clients in cross-border investment projects both there and in other jurisdictions in Europe, Asia, Africa and the Americas.

Our attention to client service is what sets us apart. For us the client comes first: we take pride in our responsiveness and in meeting deadlines and commitments.

Our people are the key to our success. We recruit the best people and provide them with challenging, interesting work and the best training. Our staff share our commitment to client service and continuous improvement.

Uniquely among law firms in Cyprus we have followed a strategy of specialisation, which enables our people to keep at the forefront of developments in their respective fields and to develop the depth of expertise required in today's complex business environment. An essential feature of our approach is assembling multi-disciplinary teams of specialists in different fields in order to ensure that all aspects are covered in depth.

We have also invested in leading-edge knowledge management and IT infrastructure to support our fee-earning staff and improve our interface with clients. Client service is central to everything we do. Our clients are market-leading businesses and organisations and they expect their advisers to match their own high standards. We are committed to continuously improving our client service to match the demands of today's business environment.

A new generation of legal practice.

With a heritage of more than fifty years at the forefront of the legal profession in Cyprus, we aim for ever-higher standards of innovation and excellence.
